There's a separate dining room for your sit-down dinner parties and a breakfast room adjacent to the spacious kitchen for casual meals. The huge great room offers plenty of space for entertaining family and friends, and with the sliding glass doors flanked by windows; this space has a wonderful view of the backyard. The private Master Suite boasts a dual-vanity bath and large walk-in closet. Two additional bedrooms share a hall bath. Make one of them a den for your home office if you wish. Personalize your home with a volume ceiling, a deluxe master bath with soaking tub, or a fireplace to make this plan uniquely your own.
